European diet scale is omitted, as there has not been much demand for the same during the past twelve months or so. It has to be substituted for soji or rice or both if any patient desires it.

The rate of each of the articles constituting the several diets mentioned above should also be given; milk in imperial pints per rupee and other articles in pounds and ounces per rupee. Milk to be freshly drawn in the Hospital if practicable and to be tested with the Lactometer and by other test, if necessary, and approved by the Medical Officer.

C. APPADORAI MUDALIAR,
District Medical Officer.
